| **Availability:** Flexible to start at a month's notice |

| **Visa status:** Eligible to work in the UK without sponsorship (Indefinite Leave to Remain) |

Ecosystem and partnerships strategist with 10 years of experience across **Ernst & Young (EY)**, **Capco**, **Barclays** and **The Fintech Meetup**, building and aligning multi-stakeholder ecosystems spanning payments networks, financial institutions, and Fintech and deeptech ventures across the UK, India and international markets. Brings a rare blend of Tier 1 consulting discipline, cross-border programme delivery, and hands-on experience structuring partnership and capital pathways for AI, SaaS and cybersecurity companies. Has advised and delivered complex programmes for top-tier banks, payment networks, acquirers, Fintechs and financial infrastructure players, spanning go-to-market strategy, competitive positioning, transformation, customer experience improvement, programme delivery and innovation-led growth. Experienced in aligning business and technology stakeholders and managing cross-functional matrix teams. Twice named to the Innovate Finance Women in Fintech Powerlist (Standout 45) for driving ecosystem growth, with strategic capital markets and diversity initiatives presented at the Houses of Parliament. A Computer Engineering graduate and DE&I advocate, passionate about making financial innovation more accessible, commercially useful and easier to understand. Founder of FinCuts, a Fintech insights platform scaled to 11K+ followers and 1M+ impressions.

PROFESSIONAL SKILLS

CAREER SUMMARY

The Fintech Meetup (London, UK) | AUG'25 – Present (12-month FTC)

Lead | Fintech M&A, Strategy and Investments

- Originated and executed high-growth investment banking mandates across Fintech (Payments, Insurtech, Lending) and Deeptech (AI, SaaS, Cybersecurity) verticals; structuring \$1M-\$10M capital raises, M&A pathways, and partnerships for 10+ startup clients.
- Built a proprietary deal-sourcing channel by leveraging [Fintech Yatra](#), directly engaging with 50+ Fintech startups and 20+ corporates across 10+ cities to drive origination and deal velocity.
- Led buy-side market mapping and target identification for corporate clients, delivering data-driven acquisition shortlists rigorously scored against strategic fit and financial readiness.
- Drove transaction readiness for companies by reviewing data rooms, structuring financial analysis, and engineering the investment thesis to match specific institutional mandates.
- Accelerated GTM, business development and P&L growth for portfolio companies (such as Riskcovry, PayGlocal, Techfino) across the company's two major investment vehicles: YAN Fund (\$12M CAT 1 AIF) and Aagama Ventures (\$40M CAT 2 AIF).
- Spearheaded enterprise innovation and corporate scouting programs for tier-1 financial institutions (including TransUnion, NPCI, etc); identifying complex corporate pain points and systematically mapping high-potential Fintech solutions to drive commercial pilots.
- Expanded the cross-border network across the UK and India by actively engaging with VCs, family offices, DFIs, and CVCs, and by hosting recurring founder and investor dinners on expansion themes.

EY (London, UK) | OCT'22 – JUL'25

Go-to-Market (GTM) Fintech Manager | Fintech Strategy (Banking and Capital Markets)

Client: Visa & Mastercard

- Stepped up to lead the high-profile 'Click to Pay' GTM initiative, reporting directly to the Director and Partner while serving as the primary point of contact across Visa, Mastercard, and UK Finance.
- Orchestrated a complex ecosystem of 30+ industry leaders including issuers (JPM, Barclays, HSBC), major PSPs/gateways (Adyen, Stripe, Worldpay), and enterprise merchants navigating deeply fragmented commercial incentives to secure cross industry alignment.
- Designed and delivered the Special Industry Group (SIG) sprint series, facilitating 5+ intensive strategy sprints and bi-/tri-lateral alignment workshops, while maintaining high operational rigor.
- Synthesized technical and operational requirements (encompassing UX consistency, ecosystem education, and auto-enrolment vs. push provisioning) into investment-ready strategy packs and steering committee briefs, driving industry-wide adoption momentum and rollout decisions.
- Built deep understanding of the payments ecosystem, including cards, money movement, and emerging fintech trends.

Client: Adyen

- Spearheaded comprehensive research into insurance industry pain points (e.g., legacy premium collection, slow claims payouts, etc), outlining high value areas for platform intervention to shape Adyen's embedded payments GTM strategy for insurance.
- Co-led EY [wavespace](#) collaborative design workshops based on these insights, successfully aligning 5+ senior leaders across strategy, marketing and product on a unified strategic roadmap.
- Informed Adyen's expansion strategy by facilitating CXO-level workshops with leading UK insurers, translating their operational friction points into actionable, high-impact commercial opportunities.
- Gathered quantitative data by surveying 3,000 insurance customers and 200 industry professionals across major European markets.
- Strengthened Adyen's market positioning by converting primary customer research into an actionable GTM framework and contributing to the public industry report '[Redefining Insurance with Smarter Payments](#)' to establish thought leadership in the insurance/payments space.

Client: UK Finance (UKF)

- Delivered a comprehensive 10-year market analysis and voice of market study across UK public and private markets, engaging 30+ senior stakeholders (including private equity, venture capital, trading venues, and corporate finance teams)
- Shaped and launched the flagship UK Finance report '[UK Private and Public Markets: Investing for Growth and Financial Security](#)' at the **Houses of Parliament**, receiving strong endorsement and commendation from Julia Hoggett (CEO of the London Stock Exchange).
- Played a pivotal role in designing data backed recommendations and presented core findings to senior UKF leadership and working group members (including representatives from JPMorgan, Credit Suisse, LBG, and Barclays) to inform capital market positioning and help steer growth decisions.

Client: Others

- Expanded EY's account and services footprint across **Barclays**, **JPMorgan Chase**, and the **Asian Development Bank** by developing mass affluent, Fintech Forward, and Open Banking proposals, resulting in new and extended propositions across all three institutions.
- Delivered a 6-month Open Banking Future Outlook campaign across 12 countries; orchestrated the end-to-end proposal, resourcing, and execution while providing strategic support to local and international teams (including Canada, Argentina, and Chile) to unlock localized commercial opportunities.
- Grew EY's Fintech ecosystem presence by designing and executing the Fintech Breakfasts, the Fintech Growth Programme, and Payments Forum, successfully launching 15+ flagship events and 2+ branded podcasts.
- Contributed as a subject matter resource to key Fintech reports, including:
 - '[Changing the Face of UK Women in Fintech: From Glass Ceiling to Open Doors](#)' (**Innovate Finance**)
 - '[RTA-Industry-Perspectives-Report](#)' (**The Regtech Association**)
 - '[Navigating the Global Shift to Open Banking and Open Finance](#)' (**EY**)
- Advanced fundraising readiness for 10+ pre-seed and seed stage startups through EY's Pitch Accelerator Programme, delivering structured support that significantly elevated their investor positioning and commercial storytelling.

Capco (London, UK) | SEP'19 – AUG'22

Senior Consultant | Intraday Cash Management (Treasury Operations) | Client: Deutsche Bank

- Led programme delivery of Intraday Liquidity Management capability for Treasury front office, establishing robust governance, RAID logs, and KPI frameworks to secure successful audit closure and compliance with European Central Bank commitments.
- Strengthened reconciliation accuracy and data integrity by implementing an independent oversight framework, significantly improving data alignment against SWIFT statements.
- Cut manual reporting workload by 60 man-hours per month by automating end of day cash position reporting using Tableau dashboards.

Consultant | Partnerships & Alliances (Consulting) | Client: Vitality

- Identified 5-10 high potential ecosystem partners across BaaS, Open Banking, and Green Finance by leading targeted market research resulting in the successful selection of one strategic partner per domain aligned to Vitality's growth roadmap.
- Validated partnership feasibility and secured cross-functional sign off on product fit and technical integration pathways by designing evaluation frameworks and facilitating collaborative workshops.

Consultant | Partnerships & Alliances (Consulting) | Client: MyGlobalHome Solutions

- Built a high impact investment proposition, leading end to end fundraising preparation to deliver a complete, fundable collateral set including the pitch deck, financial model, business plan and investor data room.
- Helped secure a competitive government grant by refining the go-to-market strategy, sharpening the competitor positioning, and providing targeted pitch coaching.

Barclays (Pune, India) | AUG'15 – JUL'19

Project Manager (PM) | Data & Integration Services (Corporate Bank) | OCT'17 – JUL'19

- Fast tracked into one of the function's **youngest Project Manager** roles via an early promotion ahead of peers, earned by consistently delivering governance and execution excellence.
- Standardised project delivery by implementing best practice frameworks and advanced modelling, significantly improving scheduling, costing, and quality assurance outcomes.
- Led global cross functional teams: managing iterative agile execution cycles, reporting directly to CXO executives, and representing project governance at senior stakeholder meetings to provide critical updates.

Selected for Barclays' prestigious **Graduate Rotational Programme**, gaining exposure across key banking business units:

Software Developer | Barclays Enterprise Middleware (Corporate Bank) | SEP'16 – SEP'17

- Built payment messaging infrastructure by designing flows in IBM Integration Bus V9.0 and WebSphere Message Broker ESQ, successfully deploying 10+ frameworks into corporate banking operations.

DevOps Specialist | Fixed Income Financing Repo (Investment Bank) | AUG'15 – AUG'16

- Modernised the Repo Trading Platform's release pipeline, reducing manual effort in maintaining build accuracy, code coverage, and issue tracking by 30% through the onboarding of workflows into CI/CD automation.
 - Scaled deployment capability by enabling 10+ deployments to be seamlessly managed via a one-click service.
-

EDUCATION & ACADEMIA

Bachelor of Engineering (B.E.) in Computer Science

Cummins College of Engineering for Women (CCEW) | JUN'11 – AUG'15

- Distinction Holder
- Served as Training & Placement Head and Computer Branch Representative in college

Internships

Development of Advanced Computing (CDAC) in association with IIT-Bombay | JUL'14 – AUG'15

- Automated the Partitioning and Proxy Generation of Android Files for Computational Offloading
 - Recognized to deploy on Indian Government's play store
-

GLOBAL RECOGNITIONS

- **2025 & 2023:** Innovate Finance Women in Fintech Powerlist Standout 45
 - **2024:** UN Women UK delegate to the United Nations Commission on the Status of Women (CSW)
 - **2021:** WeAreTechWomen's Top 100
 - **2020:** Asian Women of Achievement Award (Young Achiever Category)
 - **2019:** Money2020 Rise Up Asia Ambassador (Top 30 Fintech women in Asia)
 - **2018:** Barclays Woman of the Year (Top 3 global finalists)
 - German Chancellor Fellowship recipient, for research on India–Germany Fintech collaboration
-

LEADERSHIP & COMMUNITY IMPACT

My passion for making a difference outside of my core role:

- Founded and scaled **#FinCuts**, growing Fintech content brand to 11K+ followers and generating 1M+ LinkedIn impressions across 35 published features.
- Established **Capco's Fintech Connect** and **Fintech Friday webcast series**, successfully building a sustained internal audience of 1,000+ engaged colleagues on the latest Fintech developments.
- Spearheaded **Barclays' Reverse Mentoring Programme** across India, engaging 20+ Directors and 300+ colleagues, ultimately driving the initiative to be adopted company wide as a flagship leadership programme.
- Launched the 'Easier Said Than Running (ESTR)' challenge, mobilizing widespread participation across both Capco and EY communities to raise funds for **NHS Charities Together** and champion employee wellbeing.
- Strengthened EY's inclusion culture and elevated team morale as **Recognition & DE&I Lead** by piloting 'Thank You Thursdays' and orchestrating the **Fintech Annual Awards**.
- Delivered the **Hope Foundation's 'Banking Basics' programme**, delivering financial literacy outreach and foundational investing training to empower underserved women.
- Represented Barclays' Fintech ecosystem as a **Barclays Rise Ambassador** and introduced **Toastmasters** to the corporate network, serving as VP of Public Relations for Toastmasters International and winning 3 speech competitions.
- Conducted comprehensive **cross-border Fintech regulatory research** spanning the UAE, Oman, Qatar, Bahrain, Kuwait, Saudi Arabia, and Jordan as a dedicated volunteer and attendee for the Gulf Fintech Roadshow.
- Actively mentor and coach students to support their continuous learning and career growth.
