Payments & Fintech Commercial Strategy | Executive Relationship Management | Partnership & Deal Origination

A commercially-minded FinTech operator with over 10 years of experience across **EY, Capco, Barclays and The FinTech Meetup**, building executive relationships and originating commercial opportunities across the payments and embedded finance ecosystem, including card issuing, global payment schemes, and financial institutions. She has led multi-scheme payments go-to-market initiatives with Visa, Mastercard and UK Finance, cultivated senior stakeholder relationships across issuers, PSPs, acquirers and merchants, and currently originates and structures \$1-10M funding conversations with investors and fintech founders across the UK and India. She brings a disciplined, relationship-led approach to managing complex, multi-stakeholder opportunities from initial engagement through to structured commercial outcomes.

With passion for decoding industry trends and democratizing financial knowledge, she brings a combination of leadership, business and domain expertise and a strong understanding of emerging digital technologies and Fintech. Tanya is a strong supporter of diversity and inclusion and has been ranked twice among the **Top 100 Women in Fintech in the UK**. She holds a Computer Engineering degree from Cummins.
